

Appreciation for Support from Alumni in Philippines

On May 9, president Masu presented a certificate of appreciation to Mr. Jason Ongpeng, president of ATTARS* Philippines, which made a gift to the [Tokyo Tech Fund](#) in March. It is the first gift officially made by an overseas alumni group since the fund was established.

To recognize their generous support, ATTARS's name will be added to the donor wall in front of the library on the Ookayama Campus.

*[ATTARS](#) (Association of Tokyo Tech Alumni and Research Scholars) Philippines was formed in 2006 for Tokyo Tech graduates as well as researchers who have ties with the Institute.
