Message from TECHNO GIRLS

TECHNO GIRLS is a student group under Kurenai Kogyokai Alumnae Association. Our main goal is to make opportunities for female students in Tokyo Tech to connect with alumnae. The party has been held annually since 2014 and it is 4th this time, and over 50 participants attended the party every year. We love to invite more people and make the party exciting. As long as you are in any category listed above, applications are welcomed regardless of age and social status. We are looking forward to seeing you.

Presented by TECHNO GIRLS

In association with Tokyo Tech Alumni Association,

Tokyo Tech Gender Equality Promotion Section

Assisted by Tokyo Tech CO-OP
