

**POST2015**

Project On Sustainability Transformation beyond 2015

# The Environment Research and Technology Development Fund S-11 / Beyond MDGs Japan Symposium

**Post-2015 Development Agenda –  
For Integrating Sustainable Development Goals (SDGs)  
and Post Millennium Development Goals (MDGs)**

The 2015 deadline is approaching for achievement of the United Nations Millennium Development Goals (MDGs). In this context, there is an accelerated pace of international discussions on global development goals and related issues after 2015. Discussions are focusing on comprehensive and integrated sustainable development goals consistent with the focus and effort of the MDGs, and responding to new and emerging challenges to contribute to the setting of the post-2015 development agenda. The aim of this symposium is to contribute to consideration of the post-2015 agenda from the perspective of both development and the environment, as well as consideration of integrated goals for achieving sustainable development, in order to improve the global environment and human well-being.
