Dear Students Entering in Fall AY 2020 and Their Families,

Kazuya Masu  
President  
Tokyo Institute of Technology

Decision regarding the Fall Entrance Ceremony AY 2020

I would like to first of all extend my sincere congratulations to our new students and their families. It is a great pleasure to welcome you all as valued members of the Tokyo Tech community.

It is with deep regret, however, that we have decided to hold the entrance ceremony on a much smaller scale in an effort to help prevent the spread of COVID-19. The ceremony will be attended by a limited number of students representing each School, etc. Our top priority is to protect the health and safety of our students and their families, so please kindly refrain from attending the ceremony. We also would like to ask families of new students not to come to campus as there will be no waiting area provided.

We appreciate your understanding and cooperation in ensuring that we are doing our utmost in response to the ongoing situation. Although not all of our community will be able to gather and celebrate the start of university life in person this time, we would like to offer an opportunity for both the students and their families to witness the ceremony online as detailed below.

As the spring entrance ceremony was cancelled due to COVID-19 concerns, the ceremony in September is a joint opportunity for new students in both the spring and fall semesters of AY 2020. Representative students will be notified separately of their participation in the ceremony.

We appreciate your continued support.
