

# Design Thinking for Your Creative Practice (3 days)

Skills and methods to help you work like a designer

Due Date  
3/OCT (Mon)

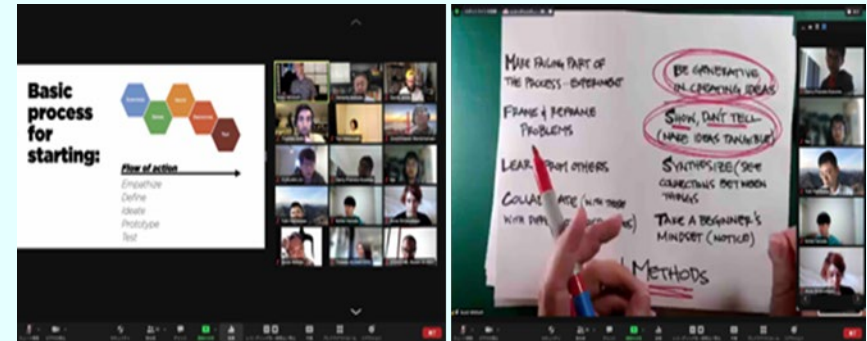

- ✓ This workshop has been held by Tokyo Tech every year since 2014 and got over-subscription every time because the workshop is helpful to understand core of Design Thinking; concepts of Creative Confidence and User Centric, and they are informative and enjoyable by its nature of speedy, "Silicon Valley" style process, by inviting 3 facilitators and instructors who teach design thinking at the Stanford University d.school, The University of Texas at Austin, and at organizations around the world. The workshop will be held online this year. (Attending all 3 days should be requested. Language to be used in the workshop will be English only).
- ✓ It should be essential for students to have capability of "leadership" and "entrepreneurship" in borderless society in order to generate new value.

## [Date etc.] @Zoom
