

# EGAKU -a workshop to foster your creativity-

Facilitator: K. Hasebe/CEO, Art Producer, White Ship Inc.

An "EVENT" designated by "Cross the border! Tokyo-Tech pioneering doctoral research program"

**Under Graduate Students are being welcome !!**

"See" art with your heart not your head. Let go of your assumptions and free your mind. "Creating" isn't about drawing well. It's an invitation to explore different expressions and expand your mind and senses – to see more and feel more. EGAKU is an art program which unleashes and nurtures the creativity we all possess through repeated practice of "seeing" and "creating" art.
