

The latest methodologies attracting attention from
the Start-ups launched Tokyo Tech !!

Call for Participation!!

You can apply regardless of undergraduate or graduate school!
Capacity: up to 30 students

EFFECTUATION workshop

Facilitators: Masato Iino, Keijiro Yamagata and Terukazu Kinugawa, Scale Out Corp.

EFFECTUATION:

It is a problem-solving approach that does not first set goals, but rather imagines new possibilities from existing means. This is especially an opportunity for those who have experience with goal-setting thinking methods such as ``design thinking'' and ``future insight'' to broaden their horizons.

23/Dec

13:00-18:00
