GSEC acknowledges the acquisition of international experience as one of Toyo Tech’s key goals in education. After fulfilling the completion of GSEC – Intermediate, students will have gained the following through international experience:

- Broader perspective
- Appreciation of diversity and collaboration with people from other countries
- Improved communication skills in foreign languages
- Command of a second foreign language
- Sense of responsibility for the society
- Sense of dynamic career development
- Enhanced research skills
- Leadership skills

Notes:
- The numbers of courses designated for GSEC will increase.
- Students should register for courses in such a way to acquire (a) international liberal arts, (b) international leadership, (c) skills to bring new ideas and values, and (d) basic skills for conducting international joint research.
- Students will be assessed on the competencies recorded in their learning portfolios and will undergo interviews in order to check the fulfillment of the requirements. Those who have been assessed will receive the Certificate of Completion upon finishing a master's program.
- Mentors and program coordinators give instructions as necessary to students enrolling in GSEC.
