

Oct. 6, 2020

To: Academic Supervisors

From: The Director of the General Safety Management Section and the Director of the Health Support Center

2020 Fall Semester Special Medical Screening for Students

The Special Medical Screening for Students who engage in handling ionizing radiation, organic solvents and specified chemical substances will be held according to the schedule below. Students who are eligible ionizing radiation must take this screening which is mandated by the Law concerning Control of Radioisotopes, etc. To prevent the spread of novel coronavirus, the date and time of the screening will be strictly specified. Please be sure to adhere to the schedule. Classes missed due to the medical screening will be counted as authorized absence.

1. Students required to take the Screening

Bachelor's degree students who belong to a laboratory, master's and doctoral degree students including RAs and TAs, and research students who are/will be engaged in handling ionizing radiation (categorized under A or B of the initial educational program), organic solvents and specified chemical substances etc.

2. Dates and times

Ookayama Campus:

From Wednesday, October 28 to Monday, November 2 (Weekdays only)

9:30–11:30 am and 1:30–5:00 pm (Reception Times)

Suzukakedai Campus:

From Monday, October 12 to Wednesday, October 14,

9:30–11:30 am and 1:30–5:00 pm (Reception Times)

* Please see the details of the designated department, date, and time, and keep to the schedule.

3. Locations

Ookayama Campus: Media Hall and Collaboration Room, West Building 9, Floor 2

Suzukakedai Campus: G4 Building, Floor 1

4. Prepare and bring the following:

- Special Medical Screening Card
- Interview Sheet about Ionizing Radiation *1

*1: Only for those taking the special medical screening for ionizing radiation exposure

5. The Special Medical Screening Items

Blood test, urine test, chest X-ray examination, doctor's health interview and other necessary check (The screening items are selected based on the materials being handled).

【Important】 To prevent the spread of disease, please cooperate with the following:

- ① If either of the conditions below apply, do not enter the screening venue.
 - You fall under the restrictions for the novel coronavirus established by Tokyo Tech.
 - You have symptoms such as a fever above 37.5°C, coughing, and severe fatigue.
- ② Please wear a mask.
- ③ Please be sure to fill out the interview sheet about ionizing radiation and the screening for ionizing radiation exposure requirement survey.

* The special medical screening for ionizing radiation exposure is the only screening that can be taken without preregistration. However, if the screening venue becomes congested, you may be requested to have an

appointment at a different date and time than is scheduled for your department, in order to reduce the risk of spreading infection.

* Privacy policy

Office of Campus Management the General Safety Management Section and the Health Support Center are in charge of the Special Medical Screening for Students, with the support of All Japan Labor Welfare Foundation, the healthcare service provider entrusted with conducting the screening.

The Health Support Center will only use personal information, including the screening results, for the purposes of healthcare support, safety and health management, and health and medical services.

The Radiation Research and Management Center will be provided with the screening results for the management of radiation-related work. In addition, the General Safety Management Section will use statistical analyses of the screening results, without identifying personal information such as examinee names, for safety and health management.

2020 Fall Semester Schedule of the Special Medical Screening for Students

Ookayama Campus

Place: W9 Building, Collaboration Room

Date	Reception Times	School, department and laboratory name
10/28 (Wed.)	9 : 30~10 : 00	Female Science Pysics, Earth and Planetary Sciences, Engineering, Life Science and Technology
	10 : 40~11 : 00	Science Physics kawai, Nakamura, Tanaka, Hirahara, Fujioka, Yatsu
	11 : 30~11 : 50	Science Chemistry Iwasawa, Earth and Planetary Sciences Oota, Life Science and Technology Kamachi
	13 : 30~13 : 50	Female Science Chemistry
	14 : 20~14 : 40	Science Chemistry Ishitani-Maeda,
	15 : 20~15 : 40	Science Chemistry Kitajima, Ohmori, Uekusa
	16 : 10~16 : 30	Science Chemistry Kawaguchi, Goto, Eguchi
	17 : 00~17 : 20	Science Chemistry Kawano, Koshihara-Okimoto, Ono, Toyota

Date	Reception Times	School, department and laboratory name
10/29 (Thu.)	9 : 30~10 : 00	Female Department of Chemical Science and Engineering (except Tanaka hiroshi and Murahashi)
	10 : 40~11 : 00	Department of Chemical Science and Engineering Hitosugi, Kuwata
	11 : 30~11 : 50	Department of Chemical Science and Engineering Yamanaka, Takao
	13 : 30~13 : 50	Department of Chemical Science and Engineering Saito, Tokita
	14 : 20~14 : 40	Department of Chemical Science and Engineering Serizawa, Konishi
	15 : 20~15 : 40	Department of Chemical Science and Engineering Ohtomo, Furuya
	16 : 10~16 : 30	Department of Chemical Science and Engineering Tanaka ken

Date	Reception Times	School, department and laboratory name
10/30 (Fri.)	9 : 30~10 : 00	Female Department of Chemical Science and Engineering Tanaka hiroshi, Murahashi, Department of Material Science and Engineering
	10 : 40~11 : 00	Department of Chemical Science and Engineering Tanaka hiroshi, Ando
	11 : 30~11 : 50	Department of Chemical Science and Engineering Murahashi, Ito
	13 : 30~13 : 50	Department of Chemical Science and Engineering Otsuka, Nakajima
	14 : 20~14 : 40	Department of Material Science and Engineering Matsushita, Hayakawa
	15 : 20~15 : 40	Department of Material Science and Engineering Michinobu, Tsurumi, Fujii
	16 : 10~16 : 30	Department of Material Science and Engineering Susa, Ishikawa, Ouchi, Matsumoto, Mori

Date	Reception Times	School, department and laboratory name
11/2 (Mon.)	9 : 30~10 : 00	Female Laboratory for Advanced Nuclear Energy, Environment and Society
	10 : 40~11 : 00	Laboratory for Advanced Nuclear Energy Akatsuka, Katabuchi, Tsukahara, Oguri, Kato, Takao
	11 : 30~11 : 50	Laboratory for Advanced Nuclear Energy Takeshita, Hayashizaki, Yoshida, Kondo, Environment and Society Egashira
	13 : 30~13 : 50	Electrical and Electronic Engineering Yamada, Hatano, Nakagawa, Nishiyama
	14 : 20~14 : 40	Electrical and Electronic Engineering Miyamoto, Shoji, Suzuki, Asada
	15 : 20~15 : 40	Mechanical Engineering Inoue, Matsunaga, Sakamoto

Suzukakedai Campus Place: G4 Building, Floor 1

Date	Reception Times	School, department and laboratory name
10/12 (Mon.)	9 : 30~10 : 00	Female Life Science and Technology
	10 : 40~11 : 00	Life Science and Technology Seio, Yuasa, Ohkubo, Murakami, Ohta, Nakamura
	11 : 30~11 : 50	Life Science and Technology Yatsunami, Matsuda, Hata, Kato, Fujita
	13 : 30~13 : 50	Life Science and Technology Kinbara, Ueno, Urabe
	14 : 20~14 : 40	Life Science and Technology Mihara, Taguchi
	15 : 20~15 : 40	Laboratory for Chemistry and Life Science Nishiyama-Miura, Nomura
	16 : 10~16 : 30	Laboratory for Chemistry and Life Science Nakamura, Shishido
	17 : 00~17 : 20	Laboratory for Chemistry and Life Science Fukushima

Date	Reception Times	School, department and laboratory name
10/13 (Tues.)	9 : 30~10 : 00	Female Laboratory for Chemistry and Life Science
	10 : 40~11 : 00	Laboratory for Chemistry and Life Science Akita-Yoshizawa
	11 : 30~11 : 50	Laboratory for Chemistry and Life Science Yamamoto-Imaoka, Yamaguchi
	13 : 30~13 : 50	Female Materials and Chemical Technology
	14 : 20~14 : 40	Department of Chemical Science and Engineering Tomita, Arai
	15 : 20~15 : 40	Department of Chemical Science and Engineering Inagi, Motokura
	16 : 10~16 : 30	Department of Chemical Science and Engineering Kanno
	17 : 00~17 : 20	Department of Material Science and Engineering Funakubo, Yoshimoto, Matsuda, Kimura

Date	Reception Times	School, department and laboratory name
10/14 (Wed.)	9 : 30~10 : 00	Female Science, Engineering, Computing, Laboratory for Material and Structures, Laboratory for Future Interdisciplinary Research in Science and Technology, others
	10 : 40~11 : 00	Science Physics Hirayama, Engineering Kajikawa, Watanabe, Material and Chemical Technology Nakatsuji, Computing Takinoue
	11 : 30~11 : 50	Laboratory for Future Interdisciplinary Research in Science and Technology Munakata, Tsutsui, Ito, Yoshida, Kim,
	13 : 30~13 : 50	Laboratory for Materials and Structures Hara-Kamata, Kamiya-katase
	14 : 20~14 : 40	Laboratory for Materials and Structures Hosono-Hiramatsu, Matsuishi, Kitano
	15 : 20~15 : 40	Laboratory for Materials and Structures Majima, Azuma-Yamamoto
