

Tokyo Institute of Technology- Ookayama campus- The bicycle safety class

DATE & TIME : Wednesday, June 20, 2018
12:30 ~ 13:00

LOCATION : Ookayama campus, Tokyo Institute of Technology

The former site of the old library

※The event will be cancelled if it's the heavy rain.
In that case it will be held on July 4.

A stuntman demonstrates
in front of you!

Participants can
understand the rules
and manners
when riding a bicycle.

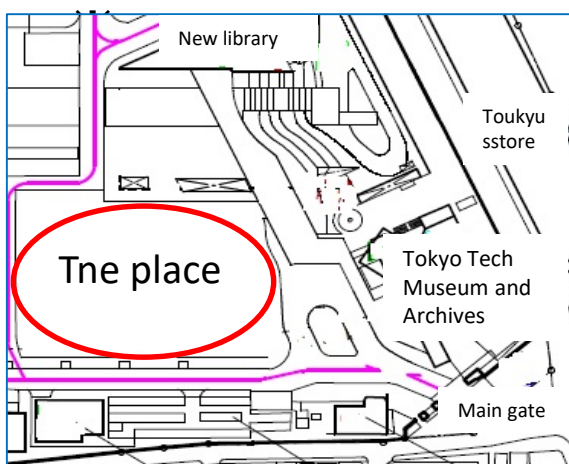

Buumon : General safety
management section's
mascot character

Bicycle and car
collide at 40 km/h!

- ◆ In view of recent increasing accidents such as bicycles collision or commuting bicycles accidents in the university, we will have a bicycle safety class using the Scared-Straight method in cooperation with the Den-en Chofu Police Station.

※Scared Straight is an educational method that prevents dangerous actions and behaviors which may result in scared accidents. A stuntman will demonstrate bicycle accidents.

<Organized by>

- Den-en Chofu Police Station
- General safety management section
Tokyo Institute of Technology
