

Doctoral Academic Domestic Training for AY2026

1. Domestic Training setting

You need to arrange by yourself to participate in domestic training, for example, conducting practical research training at a domestic university, a governmental research institution like RIKEN or AIST, or another equivalent one for two weeks or more under the guidance of your supervisor professor (Lab.'s "*Sensei*").

It should be noted that the domestic university or the governmental research institution has already made an internship contract with, or has been specially approved by Science Tokyo.

2. Application to Doctoral Academic Domestic Training

Fill the application form of Doctoral Academic Domestic Training, and submit it to CEE-Car Office after you consulted firmly with your supervisor professor.

This subject is available in English only when your training is conducted in English.

3. CEE-Car's approval

The application materials submitted will be examined by the CEE-Car Committee. After the committee approve your application, the CEE-Car Office directly will inform you.

4. Course registration

If you receive a positive mail from CEE-Car, you need to register for **Doctoral Academic Domestic Training (LAC.A639/ENT.A639)** via “教務 Web システム (Web system for Students & Faculty)” just in the same way as do for the other course registration.

Please note that one-time domestic training can be registered only for one regular subject. No duplicated enrollment with other subjects such as seminars is allowed.

5. Domestic Training

6. After the Practice

The training report must be submitted to the CEE-Car Office within two weeks after the training ends. The credit and wage will be paid after all the procedure is completed.
