Note: Information on this table is as of September 6, 2024 and subject to change. "Priority or General" in the recommendation scheme column means that the recommendation scheme available for the program has not been determined as of the beginning of the application period. If the program fails to obtain the Priority slots for recommendation, the applicants would undergo the selection process for recommendation under the General scheme. For details about each scheme, please visit www.titech.ac.jp/english/international-student-exchange/prospective-students/scholarships/mext-university-general
