

Allocation of MEXT Scholarships for IGP (A) commencing in fall 2027

No.	International Graduate Programs	Schools	Number of recommended MEXT Scholarship candidates	Recommendation scheme of MEXT Scholarship	Accepting applications for MEXT Scholarship from residents of Japan
1	International Graduate Program in Science for Fostering Innovative Leaders in Quantum Technology (PSIL)	School of Science	None	N/A	-
2	Interdisciplinary program for super-smart society	School of Engineering	8	Priority	YES
3	Graduate Program to Foster Global Leaders for the Development of Materials with Innovative Functions	School of Materials and Chemical Technology	8 priority slots or a none*	Priority or N/A*	NO
4	Graduate Program to Foster Global Leaders for Sustainable Bio-Economy	School of Life Science and Technology	8	Priority	YES
5	Postgraduate Program for Environmental Designers Contributing to Resilient Cities	School of Environment and Society	8 for Integrated Doctoral Education Program only	Priority	YES

Information on this table is as of September 4, 2026 and subject to change.

Note: "Priority or none" in the recommendation scheme column means that the program has applied to MEXT for priority slots, but the assessment results are not expected to be determined until after the IGP(A) admission application deadline. Should they fail to obtain priority slots, all applicants for the MEXT Scholarship through the program would be deemed unsuccessful and would undergo the selection process for privately funded international students.
