Notification: Occurrence of Coronavirus at Tokyo Tech

We have learned that a Tokyo Tech student in his/her 20s tested positive for COVID-19 on April 15. The student had not visited the Institute's premises for more than two weeks before he/she was informed of the diagnosis, and there are no individuals who had close contact with the student, who is currently staying at home.

We kindly ask for your understanding and consideration in respecting the rights and privacy of the student and his/her family.

Tokyo Tech will continue efforts to maintain safety and peace of mind at the Institute and in the local community.

For inquiries on this matter, please contact:

Public Relations Section, Office of Public Engagement
