※Every year, ALL newly enrolled bachelor's degree students must take the medical checkup.

※Please note that if you do not take the medical checkup:

- You will be asked to take the medical checkup at your own expense at a nearby medical institution and submit the results to the Health Support Center.
- You will not be able to receive your medical certificate issued by the university.

- Eligible Persons : Newly enrolled bachelor's degree students in 2021
- Place : Health Support Center (Ookayama)
- Medical certificate : The results will be available from the end of April.
- Students will be able to see the results on the web system for student and faculty starting mid-May. Only those who need a further examination will be personally informed.
- If you have symptoms like fever and cough, DO NOT come to take the medical checkup. Instead, please call the Health Support Center at the number below.

* Medical checkup includes

Measurements/ height, weight
