

2023 Fall Orientation Program for the incoming graduate students

by the Student Life Coaches and Career Advisors

For newly-enrolled (first year) master's and doctoral degree students from other universities

Tokyo Tech Student Life Coaches will provide an orientation for newly-enrolled graduate students to inform them about the education system at the Institute, things common to all courses, various options, and counseling services, etc. The purpose of the orientation is to help students have a fulfilling academic life at the Institute. Tokyo Tech Career Advisors will provide an career guidance for newly-enrolled graduate students to inform them about the job hunting and internship. Orientation sessions will be held via Zoom Webinar in English and in Japanese.

Career Support Orientation is mainly for international students. International students are encouraged to participate.
