## **[Precautions when visiting a hospital or clinic]**

\*You should look at the website you visit (including the notification), to check if there is any change in the consultation time.

\***Check your temperature** before you go to the hospital or clinic.

\*If you have a cold or fever :

- If you have a **family doctor** or you are familiar with a **nearby clinic**, **consider seeking advice by phone.**
- If you do not have a family doctor or do not know any nearby clinic, promptly find and **consult a local consultation center for people with potential exposure to COVID-19 .**

\* **Wear a mask** when you visit a hospital or clinic.
