

When you get sick with influenza(flu)

- Please take medication and stay home as directed by your doctor.
- Keep yourself hydrated and rest. OS-1 and other rehydration solutions are recommended.

【For Students】

The School Health and Safety Act defines the period of suspension from school attendance as “5 days after the onset of the symptoms AND 2 days after defervescence” ※See the table below to confirm how many days you need to stay away from campus.

See URL below to apply for authorized absences:
