

Imperial-Tokyo Tech Global Fellows Programme 2024 in London

- *GOOD HEALTH and WELL-BEING* -

Call for Participation

In cooperation with Imperial College London (“Imperial”), Tokyo Tech invites student applications for **Imperial-Tokyo Tech Global Fellows Programme 2024***, a weeklong, training camp-style professional program that will bring together Imperial and Tokyo Tech doctoral students from various disciplines for collaboration around the theme of Good health and Well-being.

Good health and Well-being is identified as one of the UN’s 17 Sustainable Development Goals. Hosted by Imperial, participants will gather in London to develop the professional, research and collaborative skills necessary to find workable solutions to the problems of SDG 3 and its impacts. Through team discussions and interaction with researchers from different disciplines, development of collaborative research, participation in site visits, and poster presentations, Global Fellows will enhance their leadership and communication skills, further develop their interdisciplinary and intercultural awareness, and build professional networks.

Tokyo Tech doctoral students from across the Institute are invited to submit an application.

* The Global Fellows Programme is a doctoral student exchange program. It is based on Imperial College London’s Global Fellows Programme of and is organized under Tokyo Tech’s Institute for Liberal Arts’ courses for doctoral students.
