International Graduate Program (IGP-C)

◆ Graduate major in Mathematics
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Physics
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Chemistry
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Earth and Planetary Sciences
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Mechanical Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Systems and Control Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Electrical and Electronic Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Information and Communications Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Industrial Engineering and Economics
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Materials Science and Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Chemical Science and Engineering
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Mathematical and Computing Science
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆ Graduate major in Computer Science
→Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Life Science and Technology
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Architecture and Building Engineering
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Civil Engineering
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Global Engineering for Development, Environment and Society
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Social and Human Sciences
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Energy Science and Informatics
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Engineering Sciences and Design
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Science and Technology for Health Care and Medicine
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Nuclear Engineering
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Artificial Intelligence
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Urban Design and Built Environment
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Earth-Life Science
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.

◆Graduate major in Materials and Information Sciences
  →Refer to the "Guide to Graduate Majors (for IGP)" for completion requirements, courses, etc.
