

The CIESOL Advantage

The Internet and its burgeoning applications continue to enfold more and more cities and individuals into a single international village, the lingua franca of which is English. The Center for International English for Speakers of Other Languages (CIESOL, pronounced “seesol”) is envisioned to be a leading provider of ESOL training to the members of this global village.

CIESOL draws upon the strengths of its mother unit, the Br. Andrew Gonzalez FSC College of Education (BAGCED) of De La Salle University (DLSU), the academic departments of which conduct innovative research in English language education, applied linguistics, educational psychology, educational technology, and educational leadership, among others. CIESOL in turn plays a major role in the internationalization of BAGCED.

CIESOL provides unparalleled, cost-effective ESOL training and related services at the beginner, intermediate, and advanced levels to groups as well as individuals in ASEAN+3 universities and other institutions that have memoranda of understanding or agreement with DLSU/BAGCED.

De La Salle University is the only private university in the Philippines that is in the Times Higher Education’s World Ranking of Universities. It has campuses in Manila and Laguna.
